

THE ROCK GARDENS
RELIVING AN EPOCH

FOR THE PRIVILEGED VIEW..

Rock gardens has proved to be one of Taylor Woodrow's most sought after residential developments to date. The site, situated next to the iconic landmark Rock Hotel, enjoys some of the most spectacular views in Gibraltar across to North Africa and the Bay of Gibraltar. Whether owners want to relive an epoch, next to a marvellous 1930's art deco hotel or just admire the view from their luxury apartments and penthouses, the Rock Gardens does not disappoint. The building follows the clean lines of the adjacent hotel site, and the residences within are decked out to the highest standard of finish. They all enjoy covered parking and a communal pool. This project was delivered to owners in early 2007.
